Radiance Day Cream SPF 30

A lightweight, moisture-retaining day cream with broad-spectrum SPF protection.

HL/Skin Radiance Day Cream SPF 30 is moisturising day cream developed with advanced Korean skincare science. This dual-action formula combines daily hydration with broad-spectrum SPF 30 protection to help protect the skin from UVA and UVB rays while supporting long-lasting moisture and skin comfort.

This rich, yet elegant, fast-absorbing cream leaves skin feeling hydrated, soft, smooth, and protected throughout the day. It provides reliable broad-spectrum sun protection with no white cast and a fresh, dewy finish, making it ideal as the final step in the morning skincare routine. Suitable for diverse skin types, it is comfortable for daily wear and suitable for use under makeup.

KEY INGREDIENTS:

- **Glycerin:** Helps support skin hydration, provides long-lasting moisture to support skin comfort, and helps skin feel soft and smooth.
- **UV Filters (SPF 30):** Provide broad-spectrum UVA and UVB protection to help protect the skin from daily sun exposure.

HOW TO USE:

- Apply to clean, dry skin every morning as the last step of your skincare routine. Gently massage an even layer over the face and neck until fully absorbed.
- For sun protection, apply liberally at least 15 minutes before sun exposure. Reapply at least every 2 hours, especially after sweating, swimming, or towel-drying. For effective protection, use approximately ¼ teaspoon for the face (two-finger rule).
- Suitable for daily use. Do not forget to use SPF protection as part of your morning routine.

CAUTION: Keep out of reach of children. For external use only. Avoid direct contact with eyes. Over-exposure to the sun is a serious health threat.
