FACT SHEET

HL/Skin

Healthy-Ageing

Nourishing Eye Cream

Fast absorbing, lightweight and non-greasy cream for the delicate skin around the eyes.

HL/Skin Nourishing Eye Cream is a lightweight, fast-absorbing formula inspired by advanced Korean skincare science. Enriched with adenosine, niacinamide, squalane, and a blend of natural butters and oils, this eye cream targets common concerns around the delicate eye area—including wrinkles, fine lines, and dryness. It delivers refreshing hydration, locks in moisture, and visibly improves smoothness, luminosity, and radiance. The non-greasy texture makes it suitable for use under makeup.

KEY BENEFITS:

- Backed by advanced Korean skincare science
- Targets wrinkles and fine lines
- Provides refreshing hydration
- Locks in moisture to combat dryness
- Improves smoothness, and radiance around the eyes
- Lightweight, non-greasy, and fast-absorbing
- Suitable for use under makeup
- Suitable for diverse skin types
- No added parabens or sulphates

KEY INGREDIENTS:

- **Squalane:** Provides hydration and helps maintain skin moisture.
- **Macadamia Seed Oil & Shea Butter:** Helps alleviate dryness by supporting lasting hydration.
- **Adenosine & Niacinamide:** Hydrates the skin and reduces wrinkles, targeting early signs of ageing.
- **Vitamin B5:** Supports moisture retention and helps strengthen the skin barrier.
- **Glycerin:** Attracts and retains moisture for optimal skin hydration.
