CLAIM SHEET

HL/Skin

Healthy-Ageing

Revitalising Night Cream

A rich night cream that replenishes and revitalises skin while you sleep.

HL/Skin Revitalising Night Cream is a rich, Korean-inspired moisturiser developed to replenish and revitalise skin overnight. This indulgent cream delivers long-lasting hydration, leaving skin soft and comforted.

Expertly formulated with squalane and glycerin to support moisture retention, HL/Skin Revitalising Night Cream helps relieve dryness and improves the look of skin smoothness. The luxurious, melt-in texture absorbs beautifully, creating a soft and supple appearance, without any added parabens.

HL/Skin Revitalising Night Cream harnesses restorative ingredients to hydrate, soften and revitalise your skin for a radiant, healthy-looking complexion.

KEY CLAIMS:

- Backed by advanced Korean skincare science
- Dermatologically tested
- Ophthalmologically tested
- 8 hours moisturisation
- Improvement of smoothness and texture
- Improvement of luminosity, radiance and glow
- Improvement of wrinkle volume and reduction of wrinkle depth
- 86% reported their skin felt instantly supple, hydrated and moisturised
- 97% feel the product replenishes and revitalises skin overnight
- Quickly absorbed, leaving skin feeling more supple and hydrated by morning
- Rich formula that absorbs quickly
- Suitable for diverse skin types
- No added parabens

USAGE:

Apply to clean, dry skin every evening. Gently massage into the face and neck in upwards motions until absorbed.
